

Brazos Valley Cyclists

"We're riding polishing our teeth with dirt and grit,
what are you polishing yours with."

Presents

Tour de Dirt 2004

The Tour de Dirt is a noncompetitive series of rides to test the rider's ability to waste a Sunday afternoon. The rides will be over roads rarely driven on much less ridden over. The rides are likely to become more challenging as the series continues but that is only a possibility. Each ride will offer a selection dirt roads varying in condition from rough and passable to rock strewn and "What the f*** was maddog thinking". Riders will receive maps designating the ride route and nearby paved roads that can be used for opt-out options and little else. The availability and location of commercial establishments that can be utilized for individual refueling, rehydrating and restroom breaks (aka the 3R's) will not be established. Each rider is expected to provide a well-maintained bicycle and carry the necessary equipment, supplies (tubes, pump, patches etc.), ID and money necessary to complete the ride on their own. BVC will NOT do an end of the day course sweep to pick up any stranded riders. Nor will BVC provide a pre-ride seminar on various topics. These rides are haphazardly designed and are not promoted to prepare you for anything but sore hands, feet and butt as well as wornout thighs.

Tour de Dirt Fall 2004 Ride #2: Jack Rabbit Lane and Beyond

Sunday December 19, 2004

<u>Location</u>	<u>Direction</u>	<u>Distance</u>	<u>Accumulated Secondary</u>
